Trimming Japanese texts

Specify whether to trim the text or not. If none is specified to axf:text-justify-trim, the text is not trimmed. Japanese full-width parentheses, middle dots, and punctuations are also trimmed. Spaces between Kanji or Kana (Hiragana and Katakana) and spaces between Western words can also be trimmed.

（あいうえお。かき・
くけこ）

punctuation

（あいうえお。かき・く
けこ）

punctuation-except-fullstop

Same as punctuation, but the two letters of U+3002 (。), U+FF0E (．) are excluded.

（あいうえお。かき・く
けこ）

punctuation-except-middledot

Same as punctuation, but middle dots of U+30FB (・), U+FF1A (：), U+FF1B (；) are excluded.

（あいうえお。かき・く
けこ）

Specify whether text is trim-
med or not.

kana, ideograph

Specify whether text is trim-
med or not.

追い込みの処理を行うかど
うかを指定します。
