

Switching between right and left page layouts

This sample demonstrates automatic switching of layout between odd and even pages:

- The header text is left-aligned on the left-hand page, and right-aligned on the right-hand page.
- Page numbers and the text in the footer are similarly right-aligned or left-aligned.
- The wider margin is on the right side of the left-hand page, while on the right-hand page, the wider margin is on the left side.
