

# Padding and border in a table

This shows an example of border and padding settings in a table. The colored area shows the border and the space between the border and text shows the padding.

## Auto Mode

border-width: 0.2mm; padding: 0mm;	border-width: 0.2mm; padding: 3mm;
border-width: 1.5mm; padding: 0mm;	border-width: 1.5mm; padding: 3mm;
border-width: 5.0mm; padding: 0mm;	border-width: 5.0mm; padding: 3mm;
border-width: 2.0mm; padding: 0mm;	
border-width: 2.0mm; padding: 1mm;	
border-width: 2.0mm; padding: 2mm;	
border-width: 2.0mm; padding: 5mm;	

## Fixed Mode `-ah-logical-width: 40%; table-layout: fixed;`

border-width: 2.0mm; padding: 0mm;
border-width: 2.0mm; padding: 1mm;
border-width: 2.0mm; padding: 2mm;
border-width: 2.0mm; padding: 5mm;
