

# Adjust space at the end of the last line

Adjusts the space at the end of the last line. If a value (<length> or <percentage>) is specified for ‘-ah-flush-zone’, `text-align: justify` is specified but `text-align-last: justify` is not specified, and the space at the end of the last line is less than or equal to the specified value, the last line is processed as if `text-align-last: justify` is specified. This feature is available in Antenna House Formatter V7.0 or later.

The following blocks show the comparison result without ‘-ah-flush-zone’ and with `-ah-flush-zone: 13.5mm`. The background at the end of the line is colored for the specified width. If the space at the end of the line is less than or equal to the value of ‘-ah-flush-zone’, the last line is justified.

## Within flush zone

The space at the end of this line is less than the ‘-ah-flush-zone’ value. Therefore it is justified.

Without ‘-ah-flush-zone’	
Lorem ipsum dolor sit amet, consectetur adipiscing elit, et magna aliqua. Excep- teur sint occaecat cupidatat non proident, sunt in culpa qui officia. xxx xxxx	
-ah-flush-zone: 13.5mm	
Lorem ipsum dolor sit amet, consectetur adipiscing elit, et magna aliqua. Excep- teur sint occaecat cupidatat non proident, sunt in culpa qui officia. xxx xxxx	

## Outside flush zone

The space at the end of this line is larger than the ‘-ah-flush-zone’ value. Therefore it is not justified.

-ah-flush-zone: 13.5mm	
Lorem ipsum dolor sit amet, consectetur adipiscing elit, et magna aliqua. Excep- teur sint occaecat cupidatat non proident, sunt in culpa qui officia.
